Agreements with Contractors: Contractors engaged in contracts where they—or their employees or subcontractors—may have access to children or adults in WV programmes, or may have access to identifiable personal data about such children or adults, require the safeguarding language below (or language substantively the same) in their contract with WV. In addition, a copy of the Safeguarding Behaviour Protocols must be attached to the contract. These requirements apply whether the Contractor is being paid for the services or is providing them for free ('pro bono'), and is irrespective of the duration of the contract.

In the course of performing this contract, Contractor and Contractor's employees will ensure that:

1. Any of their interactions with adults living where WV has a programming presence, with children, or with identifiable personal data about such persons, will comply with the attached WV Safeguarding Behaviour Protocols, and with any other reasonable safeguarding measures that WV may specify;
2. Any incidents of harm or risk of harm to any child or to adults living where WV has a programming presence will be reported immediately to WV;
3. Any individuals with access to adult programme participants, to children, or to identifiable personal data about such persons, will have a current clean criminal background check for offenses against children or abuse of adults, to the extent permitted by law (evidence of which will be provided to WV upon request);
4. They do not use children for labour; and
